- *More than 75% of homes now have access to Kinetic’s Multi-Gig, Next-Generation internet*
- *900 locations benefit from better internet experience supporting economic growth, telehealth, work, streaming*

FAIRFAX, Okla., May 20, 2026 (GLOBE NEWSWIRE) -- Kinetic, a leading residential and business fiber internet provider, announced today that Fairfax is officially recognized as a Kinetic ‘Gig-Ready Community ,’ meaning more than 75% of the homes in the community now have access to Kinetic’s high-speed, next generation internet.

This major technological milestone marks a significant advancement in the community’s digital infrastructure and provides many residents with better technology - at a better value - and an overall better internet experience to help enhance everyday life.

“We've been very happy with Kinetic so far, and we are grateful that we have quick and easy access to help if anything were to happen,” said Jessica Heck, a Kinetic customer in Oklahoma.

To date, more than 900 homes in Fairfax have access to Kinetic’s future-proof internet to better support work, education, streaming and telehealth.

Kinetic’s continued investment in the community’s fiber-optic network is providing faster and more reliable connectivity that is essential for economic growth and opportunities. According to research, fiber-connected communities see meaningful gains, including:

- 213% higher business growth
- 10% higher self-employment
- 14-17% increase in home values

“Our everyday lives are becoming increasingly digital, and high-speed connectivity is crucial to completing everyday tasks and unlocking new opportunities,” said Stacy Hale, Kinetic’s state operations president. “As a Gig-Ready Community, a majority of Fairfax residents now have the opportunity to internet better with faster speeds, more reliability, and enhanced service.”

Kinetic has been a long-term partner to Fairfax and many other communities across Oklahoma. The company’s continued local investment in the state builds on its national recognition for fiber performance and reliability. Kinetic was recently named CNET’s “2026 Best Rural Fiber Provider” and continues to expand its fiber network in the Sooner State, building connections to thousands more homes, businesses and apartments.

Residents who want to check fiber availability or construction updates can call 1- 877-90-FIBER (877-903-4237) or visit www.gokinetic.com.

About Kinetic: Named the 2026 Telecommunications Company of the Year (Stevie GOLD/American Business Awards), Kinetic is a business unit of Uniti (NASDAQ: UNIT), and is a premier insurgent provider of multi-gigabit fiber internet, whole-home Wi-Fi, internet security, and voice services in 1,400 markets across 18 states in the Southwestern, Southeastern, Midwestern, and Northeastern U.S. Additional information is available at gokinetic.com.
