

Uniti Wholesale Expands Connectivity at Nine Data Centers, Bringing New Capacity to Key Markets

October 27, 2026 1:30 PM EDT

LITTLE ROCK, Ark., Oct. 27, 2026 (GLOBE NEWSWIRE) -- Uniti Wholesale today announced expanded connectivity at nine data center locations across six states, extending access to 100G and 400G wavelength services. The expansion includes new data center presence and upgrades to existing connectivity, helping customers connect critical infrastructure, broaden their network reach, and accommodate growing bandwidth requirements.

The expanded footprint also simplifies network planning, giving customers more options to link data centers across markets through a single connectivity partner.

Alongside the expansion, Uniti Wholesale is launching a campaign featuring promotional offers on select 100G and 400G wavelength routes.

"Our customers need more than bandwidth—they need connectivity that fits their business," said **Greg Ortyl, executive vice president and president of Strategic Accounts for Uniti Wholesale**. "This expansion gives them more locations to connect, greater flexibility in planning their networks, and a team they can trust to help bring it together."

Data Center Provider	Location	Address
Equinix	El Segundo, California	445 N. Douglas
H5 Data Centers	Chandler, Arizona	2600 W. Germann Road
VTX	Laredo, Texas	520 Matamoros
H5 Data Centers	San Antonio, Texas	100 Taylor Street
Fifteenfortyseven	McAllen, Texas	200 S. 10th Street
Flexential	Franklin, Tennessee	425 Duke Drive
Digital Realty	Clifton, New Jersey	2 Peekay Drive
QTS	Piscataway, New Jersey	101 Possumtown Road
CyrusOne	Sterling, Virginia	21350 Pacific Street

"A key element in the rapid growth of data center supply is a similar growth trajectory of fiber and communications infrastructure across the United States," said Josh Simms, CEO of H5 Data Centers. "Uniti Wholesale's expanded connectivity at each of our Chandler, Arizona, and San Antonio, Texas, data centers can provide customers access to 100 and 400G capacity to support bandwidth-intensive applications and connect their operations across key markets."

Select 100G and 400G Routes

With approximately 150 route options spanning the West Coast to the East Coast, Uniti Wholesale is giving customers more ways to add high-capacity connectivity at promotional rates.

To take advantage of these exclusive promotional offers, customers can explore eligible routes and view real-time pricing through Route Creator in the Uniti Wholesale iconnect customer portal or contact their sales director for additional details.

Meet With Uniti Wholesale at INCOMPAS

Customers can meet the Uniti Wholesale team at **INCOMPAS, Nov. 1–3, 2026**, to discuss their connectivity needs and available offers, or contact their Uniti Wholesale representative directly.
